

Late News Flashes

**Boston Coal Rationed**  
BOSTON, Feb. 20. — (BUP) — Rationing of soft coal was ordered throughout Massachusetts today as a result of the crippling nation-wide coal strike.

**Unemployment Plan Discussed**  
LAKE SUCCESS, N.Y., Feb. 20. — (CP) — Canada today urged that measures to combat unemployment, recently recommended by top economists referred to United Nations member governments for detailed study.

**Churchill Defends Appeal**  
MANCHESTER, England, Feb. 20. — (Reuters) — Winston Churchill said tonight that his Edinburgh appeal for an approach to Stalin on the H-bomb had "rolled round the world" and "may bring us nearer to our heart's desire."

**Drew Attacks Government**  
OTTAWA, Feb. 20. — (BUP) — Progressive Conservative Leader George Drew today launched a full-scale attack on the government's trade, farm, defence and unemployment policies. The government had deliberately withheld the real facts on all four, he said.

**TCA To Extend Service**  
WINNIPEG, Feb. 20. — (CP) — Trans-Canada Airlines will add a new flight to its daily transcontinental service, making a total of four, starting May 12, Gordon R. McGregor, the company president, said here today in an interview.

**Colonial Pilot Betters Record**  
NEW YORK, Feb. 20. — (UP) — A Colonial Airlines DC-4, piloted by Capt. K. G. Barritt, bettered the speed record for a commercial flight between New York and Montreal by 27 minutes today. Capt. Barritt made the flight in one hour and 18 minutes at an average speed of 337 miles an hour.

**Murder Trial Ordered**  
FRANKFURT, Germany, Feb. 20. — (AP) — Pretty Maria, Yvette Madson today was ordered to stand trial here, March 6, on charges of murdering her husband, a member of the United States Air Force.

**Stampeder Star Signs**  
CALGARY, Feb. 20. — (CP) — Normie (China Clipper) Kwong, backfielder for the last two years with Calgary Stampers, has signed for another season of footballing with Calgary. Leo Murphy, Stampers' publicity director, announced today. Chunky Kwong previously had been rumored as eastern Canada-bound.

**Seven Flee Quebec Fire**  
QUYON, Quebec, Feb. 20. — (CP) — Seven persons, one of them stricken with poliomyelitis, fled into temperatures nearly 26 degrees below zero today when a sudden fire destroyed a frame farm house.

**U.S. Won't Interfere**  
COLOMBO, Ceylon, Feb. 20. — (AP) — The United States intends to avoid intruding in domestic affairs of the Asiatic countries it aids in the stemming of Communism, Philip C. Jessup, United States ambassador-at-large, said today.

**Britain Increases Trade**  
LONDON, Feb. 20. — (CP) — Increased shipments of textiles and automobiles helped Britain boost her exports to Canada during January, the Board of Trade announced today.

**French Labor Groups Tangle**  
PARIS, Feb. 20. — (UP) — Strike threats threw France's shaky labor front into new turmoil tonight. Unions and employers agreed to a truce for the first time since the war in direct negotiations on wages.

**Coronation Fire Loss Estimated At \$50,000**  
CORONATION, Feb. 20. — Four buildings and the stock they contained valued at \$50,000, were destroyed Saturday night by a fire which swept through the main business section of Coronation.

Violence Flares In Coal Strike

**U.S. Miners Defy Orders of Lewis, Court Injunction**  
PITTSBURGH, Feb. 20. — (UP) — Striking United Mine Workers, defying John L. Lewis' "official" order and a government injunction, kept the soft coal mines closed today. Picketing flared into violence.

At Harbourside, Ky., a band of 100 men carrying weapons raided a processing plant of the Richland Coal Co., beating five workers and smashing machinery and office property.

Pickets also were reported active in Pennsylvania and West Virginia. A mine engine room was dynamited in Mineral county, W.Va., Sunday. Pickets closed a Nicholas county mine where the U.M.W. local favored ending the two-week general strike.

All major soft coal mines were closed except a few whose operations have met the nation's demands and some manned by the Progressive Miners Union.

The national coal stockpile dropped to less than a week's supply with a cold wave aggravating shortages in the east.

Miners met in local union halls throughout the week end to hear Lewis' telegram read. It told them the U.M.W. president "requested and expected" them back to work. No big local vote to comply.

Some 55,000 industrial and railroad workers already are idled as a result of the strike by 375,000 miners.

Centre Project Details Sought

First New Amsterdam Corporation has been asked to lay all its cards on the city's table.

Civic officials have asked L. E. Detwiler, New York management consultant representing the corporation and 19 other affiliated business groups, to submit a definite proposal of what he expects from the city in connection with the much-talked-about \$22 million super shopping and entertainment centre for downtown Edmonton.

"Things have reached the stage where we want a concrete proposal in writing, listing exactly what the corporation wants in the way of purchase price of land, tax exemptions, and other details, before city council spends any more time talking about it," said one official.

"Things have reached the stage where we want a concrete proposal in writing, listing exactly what the corporation wants in the way of purchase price of land, tax exemptions, and other details, before city council spends any more time talking about it," said one official.

Cold Let-Up To Continue In District

The weekend map for western Canada had a wide variety of conditions on offer yesterday, including blizzards, chinooks, dust storms and subzero temperatures.

Blizzards continued prevailed throughout much of Saskatchewan yesterday, with Regina reporting 40 miles-an-hour winds with gusts up to 52. The visibility was almost nil while temperatures hovered near zero.

Chinooks from the Pacific brought mild weather to most of southern Alberta yesterday, with Calgary and Lethbridge recording 45 above, Jasper 31 above and Banff 36 above. Near noon yesterday high winds followed the chinook in Calgary region, bringing dust storms with the moderating temperatures.

**NORTH COOLER**  
In the northern part of the province temperatures were cooler, but still above zero. In most regions Edmonton registered the high of 11 above at 4 p.m. yesterday, dropping to a low of two below by 3 a.m.

Cross Canada temperatures yesterday:

|               |    |    |
|---------------|----|----|
| Edmonton      | 11 | 4  |
| Calgary       | 45 | 31 |
| Winnipeg      | 11 | 4  |
| Saskatoon     | 11 | 4  |
| Regina        | 11 | 4  |
| Brandon       | 11 | 4  |
| Weyburn       | 11 | 4  |
| Swift Current | 11 | 4  |
| Saskatoon     | 11 | 4  |
| Regina        | 11 | 4  |
| Brandon       | 11 | 4  |
| Weyburn       | 11 | 4  |
| Swift Current | 11 | 4  |

GOLDEN GLOVE GLADIATORS

PRIZED GOLDEN BOY trophy is held aloft by Cecil (Tiger) Goldstick as Bulletin Golden Glove contestants—Bob Buddy McDonald, left, and Dave Martin 'reach' for it. Amateur boxing tournament will be staged at Stock Pavilion, Thursday and Friday nights of this week. Tickets are on sale at Mike's newsstand, or may be obtained by mail from the Bulletin. Proceeds go to Associated Canadian Travelers' Crippled Children's fund.

Gasoline Price-War in U.S. Seen Threat to Canada's Oil

By C. V. Myers

The Wall Street Journal reports that the price war now cover a large part of California and are working into the state of Texas. They are also in full swing in Minnesota and some independents have started to cut prices in Chicago and New Jersey.

Some Alberta oil men are wondering if the price cutting war is connected up with the crude supply. U.S. crude production is about 500,000 barrels a day less than a year ago, representing a decline of about 10 per cent. Refining stocks on hand are up about 8 per cent from a year ago.

**NEW RECORD SEEN**  
Inventors' increase of this feeling during the winter there is some feeling that they will shatter last year's record.

If increased stocks are behind the price war, and if U.S. gasoline stocks continue to increase on a national basis, the war may be "short-lived."

See "Gas Price War"

Alberta Boy Curlers Win

QUEBEC, Feb. 20. — (CP) — Blanks from three provinces, Ontario and Prince Edward Island scored first round victories today at the opening of the Canadian curling championship playoffs.

Tightest battle of the morning session was a 7-6 Manitoba victory over British Columbia, with Mike Zasharuk's Arborg high school rink scoring the winning stone on the last end.

In the other games, Saskatchewan won, New Brunswick 16-7; Prince Edward Island defeated Nova Scotia 10-4; Alberta defeated Ontario 10-7 and Ontario bowled over Quebec 15-8.

Un Plan Rejected

GENEVA, Switzerland, Feb. 20. — (UP) — Israel and Jordan said the United Nations trusteeship council today they would reject a plan to internationalize Jerusalem.

Parents of Sick Child Await Word On Melons

Parents of Eddie Gonck, six-year-old nephrology victim, are awaiting confirmation of a report that watermelon is on the way to their Edmonton home.

They have been seeking a source of the melon since they read a similar sufferer in Texas seemed recovered from the dangerous kidney ailment after he went on a diet of watermelon juice.

An announcement report early today said that a shipment of melons was on its way by air from Canal Zone, Central America, under the sponsorship of the Red Cross and that arrangements had been made to continue deliveries until the boy's condition was improved.

Robert Muir, assistant commissioner for the Canadian Red Cross in Alberta says that he has not heard from headquarters in Toronto where the "melons on the way" report is said to have originated.

He said he was expecting a progress report "hourly."

Meanwhile, the ailing boy's parents report the patient gained "almost a pound" this week. They fear a relapse, the reaction comes when they brought the boy home to last year.

"They said they were told by a physician today that their son's condition is 'dangerous.'"

Naval Flier Sinks At Sea

OTTAWA, Feb. 20. — (CP) — Leslie V. Peever, 25, of Lynn Valley, B.C., was killed Saturday when his Firefly fighter plane crashed into the Atlantic ocean during exercises off the east coast of South Carolina.

The aircraft crashed into the sea shortly after taking off from the deck of the aircraft carrier Argonne.

An observer, Capt. Peter Arnold, 27, of Toronto, was rescued. He said he was not seriously injured.

Markets Close

NEW YORK, Feb. 20. — (AP) — All stock markets closed today. The Dow Jones Industrial Average ended at 60.75, up 1.25 points from 59.50.

Addition to 'Mac' Hotel 'Like A Grain Elevator'

The newly-announced \$4,000,000 addition to MacDonald hotel was likened today to "a grain elevator tacked on Westminster Abbey."

"I think the designers are making a mistake," said Dr. LeMay, George Grant, member of the Engineering Institute of Canada and former professor of civil engineering at Queen's University and Royal Military College at Kingston.

"The addition is a mistake," said Dr. LeMay, "because it is a grain elevator tacked on Westminster Abbey."

WHY MIE THEM?

It's not that Dr. Grant has anything to say about grain elevators. "Some of them have beauty of proportion and utility. But why mix that kind of design with a building in the classical tradition?"

Article's conception of the addition is "pleasant" and "not so utilitarian," he said. "And if they planned to put it off somewhere by itself—near the CNR—it would be fine."

As part and parcel of the present hotel building, such an addition would be as incongruous as a grain elevator tacked on Westminster Abbey.

On the credit side of the article's planning ledger, he lauded precautions taken by the Town Planning Commission in preventing the addition from being a threat to people living here already.

Dr. Grant is the city to address itself about two hours in the night. He will give a paper on advice to young engineers just starting out in the profession.

2 Hockeyists Suspended

SASKATOON, Feb. 20. — (CP) — Ray Selma and Hal Dunlop, two Saskatchewan players who performed with Humboldt Indians last season in the Northern Saskatchewan Junior Hockey League, have been suspended indefinitely by the Saskatchewan Amateur Hockey Association.

Leon Wilkes, league president, said the boys' strike resulted from Selma and Dunlop's driving members of Saturday night's league playoffs between Humboldt and Humboldt. Whether it will be a "summer" suspension or a suspension to take effect next fall was not known.

Yogi Buried 87 Hours, Drowned 15—and Lives

By JOHN HLAVACEK

Exclusive to The Bulletin

BOMBAY, Feb. 20. — (BUP) — Huge crowds saw 45-year-old Yogi Bswami Ramdas' dog out alive from an "airtight" concrete crypt where he had been "buried" for 87 hours on a bed of nails.

To make things even tougher the little man with the big black beard had been "completely submerged" in water from 4 p.m. Saturday until his release at 10 a.m. Sunday, after 31 days in the coffin-like niche.

Ramdas climbed into the wooden coffin at 3 p.m. Wednesday. He lay on a bed of nails—just like you are in the magazine cartoons—and the sides of the coffin was had nails jutting into his flesh.

The coffin was then sealed in concrete. Yogi Ramdas' disciples then kept at the crypt day and night, chanting Hindu prayers, while keeping a sacred fire burning. On top of the crypt were glass windows and flames.

Then Saturday they bored a small hole into the crypt. But the little man with the big black beard had been "completely submerged" in water from 4 p.m. Saturday until his release at 10 a.m. Sunday, after 31 days in the coffin-like niche.

Ramdas climbed into the wooden coffin at 3 p.m. Wednesday. He lay on a bed of nails—just like you are in the magazine cartoons—and the sides of the coffin was had nails jutting into his flesh.

# It Happened TODAY

Compiled by Charles MacFarlane  
Bulletin Telegraph Editor

Herbert Morrison, deputy prime minister, was heckled by two lions during a campaign speech in Chatham, Eng., last night. The lions—Simbo and Mistinguette—were asleep in their cages in the wings of the Empire Theatre when Morrison started to talk. That woke them up.

For the next hour Morrison had to shout into a megaphone to make himself heard above the roars of the aroused animals. "I have been heckled by all sorts," he told reporters later, "but never before by the king of beasts."

President Truman signed a bill Saturday awarding \$865 in back pay to Abe Lincoln.

The Lincoln in question is a Bureau of Indian Affairs employee at Fort Defiance, Ariz. His wife, Elena B. Lincoln, got \$545.33.

The amounts represented funds withheld from their pay for quarters that weren't furnished by the government.

Eather Butler, pretty 21-year-old Irish girl from Tipperary, is looking for a husband in Australia because she cannot find her dream "chum" in Britain.

According to her, all men here are "soft, sloppy and ungallant."

Eather, who works in London, recently saw an Australian film and "fell in love with that beautiful vast country and the open-air type of man who lives there."

So she is advertising in a Sydney newspaper for her ideal specimen of masculinity. He must be "tanned and rugged in appearance, a strapping six-footer and preferably a cattle rancher."

Philadelphia police department was wondering today if the Robbers' Association is planning a banquet.

Myer Rabinowitz, operator of a wholesale meat processing company, rejected yesterday that thieves broke into his plant and stole the following:

Four sides of beef weighing a total of 1,500 pounds;  
A 1,200-pound cross cut of beef;  
A total of 881 ham and pork butts weighing about 2,000 pounds;

Three hundred pounds of frozen livers;  
One hundred and eighty tons of beef tongues;

Two boxes containing 145 dressed chickens;  
A crate of eggs.

And now comes the newspaper holiday artist!

Clerk Jean Paul Perrault of Montreal told today how a customer last night placed a newspaper-wrapped package on the counter and proceeded to open it for inspection.

When the last layer was peeled off Perrault found himself looking into the business end of a large revolver which the customer held by the handle.

"The cash," he told Perrault.

Perrault handed over \$40. The customer calmly rewrapped his revolver and walked out.

Conservative Thomas Boyce is running against Maurice Webb, Lab., for the Central Bradford House of Commons seat in England's Feb. 23 elections.

Webb calls Boyce "the Boyce in the wilderness."

Boyce calls Webb "the tangled web of Sarabys."

People who don't like puns can vote for C. F. Sarabys, a Liberal.

You could say he got "led" astray.

Frederick Schumann, 51, last Saturday was sentenced to six months in jail at Vancouver.

The charge: Theft of two pencils.

D'sappointed British voters will have a chance to give vent to their feelings here Saturday with the rate hickers good old stand-by, rotten tomatoes.

Reading University students have been asked to stand up in public places at the representatives of the chief political parties, and be pelted.

The tomatoes will be sold to the public and the proceeds given to charity.

## 3 West Legislatures Start New Sittings

Three western legislatures start their first full week of sittings today with traditional opening ceremonies behind them and the year's provincial business ahead.

The Manitoba legislature will hold its first night session tonight with Thomas Speech debate expected to continue. Members had been urged by Premier Douglas L. Campbell Friday to give careful consideration as to what committee should deal with the matter of the provincial power development at Pine Falls.

The government handling of the power project had been attacked by CCF leader E. A. Hanford.

PERMANENT SYSTEM

A resolution calling for a permanent system of federal price supports was expected to be introduced in the Saskatchewan legislature tomorrow by James Gilmour, CCF member for Moose.

Walter Erb, another CCF member, was expected to call for a referendum for vigorous leadership by the federal government in removal of trade barriers.

Today's agenda in reply to the speech from the throne will be moved in the Saskatchewan legislature by the CCF member for Kerrobert, John W. Wellbourn.

Premier Byron Johnson had told the B.C. legislature it was expected to agree to payment of \$260,000 to the University of British Columbia for completion of the building program. Johnson made his first major speech in the new legislative session on Friday.

## Bandit's Coat Indicates He's Badly Shot

VANCOUVER, Feb. 20.—(CP)—A white coat with a bullet-hole in the lapel may be a clue to the whereabouts of a bandit who blasted his way through two minor crimes to a \$3,000 bank robbery Friday.

Police found the coat near the spot where the bandit disappeared after kidnapping a police car and its driver in his one-man crime wave. They say they believe it is his.

The bullet-hole puzzles them, though.

If he wore the coat, the position of the hole indicates the bullet hit with full force. It would likely have "stopped" the fellow in his tracks," they said.

NO SIGN OF WOUND

The robber rolled from the prowler car and exchanged shots with the constable driver before he went on to kidnap a taxi and its driver and rob a bank.

Constable W. A. Lines, the police driver, said the man appeared "momentarily" at his last shot, but there was no indication that he was wounded when he strode into the Dunbar branch of the Canadian Bank of Commerce six minutes later and made off with the loot.

The man, who police say answers the description of a former wanted in eastern Canada, is the object of a city-wide manhunt.

Coronation Fire Loss Is \$50,000

(Continued from Page 1)

From the latest developments over the pool hall but damage to the hotel was not extensive.

Mr. and Mrs. W. A. Clark and George Clark, whose homes were above the hall lost all their possessions and Mr. Clark's car.

Mr. Clark's daughter, who was asleep in the burning stairs to safety, Mr. Clark was away at the time.

FLAMES 100 FEET HIGH

One fireman, Len Hanson, suffered an injured nose and three, including Chief P. G. Chabrier, were overcome by smoke but continued fighting when they recovered.

These flames were caused by oil burning in the machine room, and flames 100 feet high resulted.

Volunteer brigades from Custer, Veterans, Bulwark and Thorne assisted the Coronation crew.

By 2:30 the hotel, on which five of eight hose lines were played, was out of danger. Early in the morning the temperature dropped and firemen were hindered by the cold.

A major fire here was in 1944, when the Builders' Hardware burned.

Coronation is 185 miles south-east of Edmonton.

Ask Race Parley

CAPETOWN, Feb. 20.—(Reuters)—Delegates of India, Pakistan and South Africa have proposed a round-table conference to try to solve their differences over treatment of Asiatic Nationals in South Africa.

The delegates will discuss proposals for the three-country meeting to their governments.

Key A-Bomb Targets May Go Underground

ALBUQUERQUE, N.M., Feb. 20.—(AP)—The new chief of civilian defence in the United States will recommend soon that key targets of possible atomic attack go underground, rather than be widely scattered.

Dr. Paul J. Larsen will go to Washington Friday preliminary to taking over his post March 1.

Larsen was for 25 years head of the Atomic Energy Commission's Sandia Laboratories where the atomic bomb is assembled.

He said last night he considered the defence measures for the United States capital his most urgent duty.

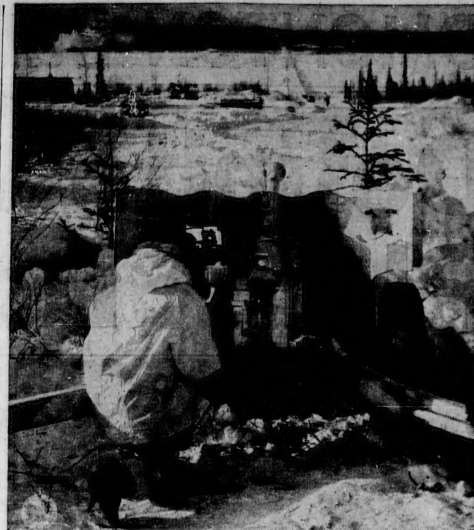

His plans for defence of the civilian population and the country's home front war industrial are based upon:

1. Dispersion of industrial and governmental targets.

2. Construction of bomb-proof structures underground to shelter essential agencies which it is not feasible to move elsewhere.

3. Stockpiling of disaster equipment at strategic points in the country. This would include vast amount of blood, blood plasma and equipment to combat injuries resulting from the terrific heat of an atomic explosion.

Reflection of what he considers over-appreciation resulting

## U.S. Civil Air Patrol Will Check Smoke Report

Possibility that puffs of smoke seen coming from a mountain side in southeastern British Columbia on Feb. 20 may be from a forest fire will be investigated today by the U.S. Civil Air Patrol, the RCMP announced here.

Al Force officials said a Mr. Lindberg, government road foreman of White, B.C., reported to the weather station at St. John, Y.T., that he saw three distinct large smoke puffs with an intermission. Then the procedure was repeated at intervals.

Mr. Lindberg said the last billow was large but nothing had been seen since.

He said the smoke came from Gold Mountain southwest of White near the international border.

COULDN'T SEE

The missing plane, on a flight home from Anchorage, Alaska, to Great Falls, Mont., with 44 persons aboard, last reported by radio to the weather station at St. John, Y.T., a sealer near Beaver Lake in B.C.'s Cariboo country reported a large plane flew low over his house the same night.

Mr. Lindberg told police that the evening the plane was lost a man at Beaver Lake heard a large plane flying over the mountain. He said it was so low he thought it was going to land on the lake, but he could not see it.

Snowslide

RULED OUT

BURWASH LANDING, Yukon, Feb. 20.—(CP)—The mountains of the Yukon, endless, violent and complex, today threw back another attempt by man to recover his lost.

An Indian story sent men skidding in searching their gullies and faces into the area east of here in the hope it might be a clue to the missing plane.

They found the plane was lost on Feb. 18 with 44 persons aboard.

It was another day of hope, one of many in a search that has cost millions of dollars.

SLIDE TOO SMALL

Two RCMP paratroopers, Capt. E. L. St. John and Lt. S. Hopkins of the Whitehorse, Y.T., base were flown into the mountainous region 30 to 30 miles east of here by helicopter. They found there had been a snowslide at the Indian report.

## 3 Big Issues Called Trade, Bomb, Jobs

Individual Members Undecided Which Should Rate Top Priority

By Norman M. MacLeod

OTTAWA, Feb. 20.—(BUP)—Canada's lawmakers split today over the hydrogen bomb, narrowing foreign markets and unemployment as the top issues facing the new session of parliament.

They were unanimous in saying that all three rated urgent cabinet attention, but were wide apart in deciding which merited first call on parliament's and the government's time.

G. T. Fulford, Liberal member for Leeds, Ont., said the "bomb" "unquestionably is the most important factor ever injected into the international situation and the most important not only for us but for any people anywhere."

"Strength is answer," he said. "Is the only answer. Before you time bar-barians, you must be their master. Our consideration of national defence estimates will be our most important work this session."

Arthur Laing, Lib., Vancouver South, felt the same way about international relations, saying: "We must strive for re-integration of the forces on our side."

"We divide the world into two camps, Communist and non-Communist. Then we proceed to divide our own side into a half dozen or more factions. We divide dollar countries against the sterling area."

"We must seek to escape from this factionalism and rise to a strong re-integration of our combined strengths against the common and clockwork enemy."

Frank Leonard, CPC, Westworth, pleaded the disappearance of export markets, brought on by most nations' death of U.S. dollars, as the main problem with which this country should deal.

He said the world was "overwhelmed" by "inevitable depression and unemployment" by building "a currency bridge which would link Canada with the sterling area countries."

ALBERTA SEES TRADE

Victor Quibb, MP for Acadia, Alta., and a Social Credit spokesman, accepted international trade as the new session's main interest. He said parliament should carefully study proposals for an international commodity clearing house which were turned down recently by the United Nations food and agricultural organization.

Quibb saw no hope in the international monetary fund to cure the world's and Canada's dollar troubles.

Try To Pinpoint Five Lost Airmen

VANCOUVER, Feb. 20.—(CP)—Three survivors of a crashed United States Air Force B-36 arrived here last night to help in the search for five crew members still missing in the Queen Charlotte Sound area, 600 miles north.

The three were crew members of the flaming craft which was ditched last Tuesday by its 11-man crew in the darkness over Princess Royal Island.

RCAP officials here said Capt. Harold L. Berry, the pilot and Lt. Paul Gerhart and Sgt. Martin B. Stephens will likely remain in Vancouver. They will study photographs of the area over which they jumped, and try to pinpoint the spots where their missing companions may have landed.

Knowing the order in which they jumped, the men, it is hoped, will be able to pinpoint the spots at which they landed. An estimate of the relative times of the missing men's jumps could lead to an estimate of their landing points.

Golf balls used in the early days were leather-covered and stuffed with feathers.

# Ballads in Baby Buggies New Idea From Overseas

By Stanley Burke  
Bulletin Staff Writer

Now it's music in baby carriages.

The Americans have piped music into their homes, offices, factories, even into streets and railroad terminals. But Canada appears to have gone one better with ballads for baby buggies.

On display in Edmonton today is Canada's first in the modern motorized baby carriage. It is a small, four-wheeled, motorized carriage with a built-in music box. The carriage is being shown by the British firm which is the world's largest manufacturer of toys. It is made in Canada in the company's million dollar new plant in Montreal.

Like AUTO RADIO

The music box is concealed behind a chrome-plated toy grill. It is a streamlined, motorized baby carriage. The carriage is being shown by the British firm which is the world's largest manufacturer of toys. It is made in Canada in the company's million dollar new plant in Montreal.

It is part of a display for local dealers of toys and carriages. The buggies will be on display in six weeks time for \$30.90.

The Cadillac-class carriage features a built-in motor, steering wheels and extra plush upholstery for baby's comfort.

**DIET, TRACTOR TOY**

France's diet, scheduled to be a miniature tractor, being brought out by the toy manufacturers. Bright orange in color, it is a close replica of the full-size farm tractor and comes complete with plow, bulldozer blade, rear, roller and trailer.

Children with a mechanical bent will go for a model diesel engine on display. The little engine is designed to power model airplanes, usually driven by toy gasoline engines. The diesel is constructed of special alloy metal which enables it to start without setting off a fire.

The display is in charge of H. F. Hooker of Vancouver, western representative of the firm.

## Cost Boost For School

Village share of West Jasper Place School District costs for 1950 will be up one-third from last year's figures, a "preliminary survey" of this year's budget disclosed at Saturday's meeting of school board trustees.

School board regulation to be paid by village council from taxes will amount to \$60,000, board chairman A. E. Shier said today. The amount is an increase of \$16,000 over last year's figure.

The board attributed the increased requisition partly to a drop in grants due to a policy change in 1948 when rates were paid up and the quarterly "up-to-date" plan of payment abandoned.

Board members pointed out that the percentage increase of the requisition is far above the 20 per cent increase point above which village council may demand an investigation.

The bill rate in West Jasper Place would be "50 cents or more" per school acre in 1950, they said.

The expected increase in costs spelled doom for a teachers' committee application before the board for permission to apply for a 10 per cent wage increase.

The increase for the district's 27 teachers, if granted, would add another \$5,000 annually to school costs, the board said in turning the application down.

## Jam Of Autos Was 'Mistake'

Parks department officials were still holding today over a "mistake" that yesterday completely jammed vehicular traffic in the city's Whitecourt creek playground area.

A ski meet was cited for hills directly across the river from the city area, but through mistake the ski meet was advertised to the Alberta Motor Club.

Hundreds of cars turned up at the Whitecourt grounds. The parking space jammed up, the through highway jammed up, cars going both ways, and finally all movement ceased.

## Sabotage Hinted

CHICAGO, Feb. 20.—(AP)—A fire followed by an explosion yesterday destroyed the building and printing press of the pro-communist newspaper, the Marxist-Leninist, near Chateaufort in central Paris, police said. They believe saboteurs may have started the fire.

## BYLAW IS EFFECTIVE

# No Great Rush to Obtain Edmonton Taxi Licences

Not a single application for a taxi licence under the new restrictive bylaw has been received by Licence Inspector Roy Foster up to today.

View of the new bylaw came into effect Friday morning, and the limit of 100 cab licences was lifted in favor of restriction on the number of cabs. Mr. Foster had to fill 27 applications for a total of 70 new licences from work from

**HERE'S** something new, Shauna Rooney, three months, samples baby buggy with built-in music box.

## Northern Alberta Communication System Foreseen

Possibility of far northern Alberta centers being linked by a commercial telephone-teletype system is seen in an announcement today in the Alberta Gazette.

The announcement states application will be made at the legislative session, opening Thursday, for an act incorporating the North West Telephone Company Limited.

The act would empower the company to "locate, construct, install and operate telephone, telegraph and other forms of electrical communications, and to generate, transmit, distribute and sell electrical power and energy."

## No Decision Made On Lethbridge Courthouse Sale

Undecided sum has been offered the provincial government for its courthouse building in Lethbridge. It was learned today.

No decision has been made by the provincial government whether to sell the building.

It is believed the Eastern firm would demolish the 40-year-old building and build a modern structure. Provincial government would be obliged to build a new courthouse in Lethbridge, but the Eastern firm has promised the government a two-year occupancy during which time a new courthouse would be erected if the offer is accepted.

## Dangerous Driving Penalty Is Imposed

John C. Sylvain, 3066-10 street, was fined \$50 and costs on a charge of dangerous driving when he appeared before Magistrate A. I. Miller in police court this morning.

Sylvain was the driver of a car which crashed into the side of a Cadillac bus at 120 street and 120 avenue, Saturday.

## More Hiring Is Urged Fight Unemployment

Canadian employers were urged today to add a few men each to their payrolls and so help reduce unemployment. The request came in a release from office of A. MacNamara, deputy minister of labor, Ottawa.

## 15 Pay Penalties For Liquor Offences

Fifteen persons paid a total of \$300 in fines in police court today for offences under the Alberta Liquor Control Act.

Top fine of \$300 levied against Joseph A. Stokeman for illegal sale of liquor. He was arrested early Sunday morning at an address "near airport" city limits after he was observed selling two bottles of liquor for \$34, detectives testified.

Six men and women were fined for being intoxicated in a public place and five other persons for illegal possession of liquor.

A recent arrival from Holland, Peter M. Groenewald, drew a \$200 fine for being intoxicated. He was arrested after he was observed drinking beer in a public place.

## Divorce Decrees Granted By Court

Eight divorces absolute and four decrees nisi were granted today by the court of Mr. Justice C. McLaughlin.

Decrees absolute were granted to Helen Jean from John Henry Lewis Smith Campbell; Doris Gray from Martha Campbell; Beatrice Gray from Annette Doris Gray; Anna from Alice Hamilton; Bernice Mida from Gordon Le Roy Bernard; Myrtle Ross from James Allan Bird; Eleanor from John Boyd Oatway; John Hill from Joan Beatrice Jagger Hill.

Decrees nisi were granted to John Carmichael from Edith Edith Carmichael; John Henry Nedow from Gladys Edna Nedow; John Hector Campbell from Barbara Cecilia Campbell; Laura Milled from Samuel Leighton.

## Knows His Onions

PLANTY, Mich.—(UP)—The judge presided over the trial of a man who had been charged with the murder of a woman. The judge said he knew his onions.

## THIEVES CARVE OWN CARCASS

H. Edwards, district manager for Burns and Company, reported to police that a lamb was killed in the company's corral Saturday night.

The thieves left the animal's hide behind, he said, and took away the dressed carcass estimated to mean about 45 pounds of meat worth \$22.

## City Clinic For Welders

A demonstration of Canadian-made welding and cutting equipment will be held at the Canadian Industrial School at 8 p.m. on Wednesday and Thursday by the Canadian Liquid Air company.

Known as an industrial clinic, it is designed to increase interest and knowledge in welding and to show the industry the latest and cheapest methods of metal welding and cutting. The clinic will make 15 or 16 stops throughout western Canada prior to an eastern tour.

## U of A Union To Play Host

Civic officials and prominent residents of Edmonton and Calgary will be the guests of the Students' Union of the University of Alberta at an informal dinner to be held at 7 p.m. on Tuesday at the Alhambra Dining Room.

The event will be an annual affair of the Students' Union.

Guests will be met by the Mayor Don Mackay of Calgary. Entertainment will be offered by members of the Students' Union.

## Claxton Flies To Sweetbriar

Defence Minister Brooke Claxton, accompanied by the Minister of National Defence, will arrive in Edmonton today en route to Whitehorse to observe the 6th Sweetbriar exercises.

Arriving by air force transport command, the party will remain overnight in Edmonton and will then travel to Whitehorse.

## Two Die In Bus Crash

LIVERPOOL, England, Feb. 20.—(UP)—Two persons were killed and about 40 others were injured here Saturday when a bus crashed into a telephone pole and overturned. Fire broke out but was soon controlled.

## MANY RIDE BUS SYSTEM

EDMONTON Transit System had one of the busiest months on record when it carried 3,647,476 passengers during January, Superintendant J. J. Foster said today. This was 2,812 more than were carried during January of 1949.

## Divorce Decrees Granted By Court

Eight divorces absolute and four decrees nisi were granted today by the court of Mr. Justice C. McLaughlin.

Decrees absolute were granted to Helen Jean from John Henry Lewis Smith Campbell; Doris Gray from Martha Campbell; Beatrice Gray from Annette Doris Gray; Anna from Alice Hamilton; Bernice Mida from Gordon Le Roy Bernard; Myrtle Ross from James Allan Bird; Eleanor from John Boyd Oatway; John Hill from Joan Beatrice Jagger Hill.

## Knows His Onions

PLANTY, Mich.—(UP)—The judge presided over the trial of a man who had been charged with the murder of a woman. The judge said he knew his onions.

## Illness Takes City Dentist

Dr. Maurice Kline, 48 Marchand Apartments, Edmonton practitioner for more than 20 years, died yesterday in city hospital after a short illness.

He was survived by his wife and two sons, Harold and Terrance, one sister, Mrs. M. Wasserman of Edmonton, three brothers, Irving and Louis of Edmonton and Samuel of Seattle, Washington.

Funeral services will be held tomorrow from Connolly-McKillop Funeral Chapel and will be conducted by Rabbi A. Postone.

## Appeals Made Against Bombing

SHANGHAI, Feb. 20.—(Reuters)—Foreign Chambers of Commerce in Shanghai have appealed jointly for united nations action to stop "indiscriminate bombing" of the city by Chinese Nationalist troops reaching here today.

## Market Still Available To Farmers Here

Canadian farmers haven't lost the British market permanently in the opinion of President J. S. McLean of Canada Packers Ltd., who is in Edmonton today.

"As soon as Britain gets back on an even keel again in the way of dollar exchange she will resume large-scale purchases of Canadian beef and other farm products," Mr. McLean said today.

## Thieves Not Fussy About Their Locale

Thieves showed a marked lack of respect for things religious over the week-end.

On Saturday afternoon one stole a purse containing \$12 from counter of Beacon Bible Store. The purse belonged to Katie Falar, proprietress.

On Sunday thieves visited parish hall of Christ Church during the evening service and stole a man's overcoat, two pairs of men's shoes, a pen and pencil set, cigarette lighter.

Church officials told police that a recent officer had previously taken.

## Ask Boost For Calling Off Names

Drivers Seeking  
14-Cent Increase  
Are Offered Four

Edmonton street railway and motor coach operators are reported to be seeking a 14-cent-an-hour raise to compensate for "extra work" following a recent Edmonton Transit System order that they must call out numbers of streets and avenues on routes.

The system has offered a four cent an hour raise, members said.

The union, local 909 of the Amalgamated Street and Electric Railway and Motor Coach employees of America, met last week to discuss new wage agreements, officials said.

Fatal detail that union members had agreed to drop Bulletin subscriptions because the paper had published editorial favoring the "call out" system was made today by union secretary Fred Billingsham.

He said a "few hot heads" had criticized the Bulletin editorial.

"But the union would not support what would amount to a boycott," he stated. "You may quote me on that."

## North War Exercise Nears End Thursday

By Douglas How  
DONNER RIVER, Yukon, Feb. 20.—(CP)—Exercise Sweetbriar's Canadians and Americans had driven 300 hectic miles and were skimming along the Alaska-Yukon border today. Biggest news of all, the weather had surrendered.

After seven days of crackling temperatures between 25 and 40 below zero, the thermometer headed upward to around zero. The troops, jubilant as they drew nearer Thursday's climax of the first joint subzero manoeuvre, were still going strong. They took off some of their bulky clothes and talked cockily about banana-belt temperatures.

The Princess Patricia's Canadian Light Infantry became the first military unit to invade foreign soil in peacetime, the first to invade Alaska since the Second World War.

They went out front again today in the mock war against aggressor American forces and will be out front from now until one of their companies parachutes into North-West Alaska, Thursday. Hostilities end then.

Weather experts, key men in an exercise that wooded and wanted bitter weather, were doubtful last night that the thermometer would recover to really vicious mood before it ends.

But they said it already has been tough enough—below at one point—to give them one of the things they wanted, a full test of men and machines under really raw conditions.

What they would really dislike, they said, is a dip to round 50 below. That if so cold the whole exercise might have to ground to a stop to allow the men to concentrate on mere survival.

## B.C. PLANNING NEW SCHEME FOR LICENCES

VICTORIA, Feb. 20.—(CP)—British Columbia motorists may have semi-permanent licence plates.

It was reported here Saturday that such a plan will probably be adopted for next year.

Instead of issuing new plates every year the government may put them out every five years with a tag each year covering the year of issue.

Such a plan would mean a substantial saving in manufacturing costs.

## CPR May Appeal B.C. Timber Tax

VANCOUVER, Feb. 20.—(CP)—The Vancouver Sun in a dispatch from Victoria says a major legal fight looms between the government of British Columbia and the Canadian Pacific Railway over taxation of Vancouver Island timber lands.

The lands are owned by the Requisite and Nanaimo Railway, which is CPR controlled.

The privy council has given the government the right to collect taxes, but this may be challenged again by the CPR, it is reported.

It will be the nature of a test case, involving between \$6,000,000 and \$10,000,000.

For 60 years the timber lands were tax free following an understanding reached at the time of the building of the E. and N. Railway.

## To Outlaw Reds

LONDON, Feb. 20.—(Reuters)—Radio Australia said today that the first legislation to be introduced by Australia's new Liberal government would be a bill to declare illegal Australian Communist Party.

## More Dollar Help Asked By Britain

### Talks Now Proceeding With U.S. Foreign Secretary Bevin Says

LONDON, Feb. 20.—(AP)—Foreign Secretary Bevin said Sunday the Labor government is discussing with the United States steps to avert a possible economic crisis in Britain when Marshall Plan aid ends in 1952.

"We are already discussing with the United States the situation which may arise," he said.

"We are taking every possible step in order that there will be no economic crisis and catastrophe, but to ensure that we move steadily over from one system to the other which is what America wants to see—Europe on its own feet and with its own dignity contributing once again to the great civilization which cradled the rocket and developed over so many centuries."

## CHURCHILL REPEATS PLEA

Churchill, leader of the Conservative opposition, continued Saturday night his argument that "we ought to close no door on the attempt to establish some understanding between east and west."

But in the meantime, he added, the United States and Britain should not give up the atomic bomb until there is an effective agreement to make sure nobody else could make or use the A-bomb.

Philip Noel-Baker, secretary for Commonwealth relations, said today that a Labor government could deal better with Russia for effective control of atomic weapons than the Conservatives under Churchill.

Conservative leaders, said Noel-Baker in a speech at Coventry, "destroyed hope of Russian co-operation before the war."

Lord Beaverbrook asserted Winston Churchill can end the atomic armaments race between the east and west because he enjoys the respect and regard of Joseph Stalin.

FROM CAVES and swamps of Yugoslavia in which she lived for three years, Dragica Gragic centre, greets her foster parents, Mr. and Mrs. Peter Sharitz, in Philadelphia. It took nearly three years to clear child's passage from her native land. She arrived aboard Yugoslavian freighter at week-end to start new life in America. Little Dragica is a war orphan.

## Wind and Fog May Dictate When Mao Invades Hainan

(Robert C. Miller has arrived in the Far East to cover the expected Communist invasion of Nationalist-held Hainan and Formosa islands. In his first dispatch from Hainan Island he reports that wind and fog still force a decision on the fate of Hainan within the next 10 days.—The Editor.)

## Wind and Fog May Dictate When Mao Invades Hainan

By ROBERT C. MILLER  
Exclusive to the Bulletin

HQ. Hainan Island, Feb. 20.—(BUP)—Fate of the strategic Chinese Nationalist island stronghold of Hainan will be decided within the next 10 days. The outcome depends upon the wind.

The Communist invasion fleet from the mainland is expected to sail across the 18-mile-wide Hainan Strait covered by fog and using the westerly north wind to fill the sails of their junks.

## PERIOD ENDS MARCH 1

The northerly winds, which have been blowing for the past week, would enable them to cross in less than three hours. The favorable winds and fog are expected to last until March 1.

It is believed that an invasion will be impossible once the winds change, for then the junks would lose the cover of fog and would be forced to beat their way in long tacks against an unfavorable wind. This would increase crossing time by many hours and make the loaded junks easy prey to sea and air attack.

## NATIONALISTS ALERTED

The Nationalists are braced for the attack.

Troops are alerted, coastal defenses fully manned, down to dusk air searchers are out, and navy patrols are on guard in the strait.

A report circulated here that five junks attempted to make an initial landing Thursday night, but were intercepted. One was captured. The Nationalists claimed that the other four were sunk, but there were no reports of wreckage or bodies washed ashore.

## Pay Corps Men To Attend Course

Two Edmontonians, S-Sgt. T. A. Chapman and Sgt. W. Leopold, will attend a month-long course for members of the Royal Canadian Army Pay Corps, which opened today in Ottawa. Course is designed to train personnel in rules governing operation of messes and canteens. It includes training in book-keeping and auditing. Those who attend will subsequently act as mess and canteen officers, and as mess and canteen inspectors of army-owned messes and canteens.

## Bobby-Soxer Studied To Outline A 'Normal'

By ALTON L. BLAKESLEE  
NEW YORK, Feb. 20.—(AP)—What is it like to be a bobby soxer, a teen-ager, or 10-year-old boy?

A new adolescent clinic here is trying to find out.

It is trying to learn what is normal and average in the physical, emotional growth, social and group life of human beings from the man-child between being a child and being an adult.

The clinic has just started in, small way at a New York hospital.

A few adolescents come in Friday afternoon for physical checkups or treatments, and a talk with one of four doctors: Dr. Mary E. Meade, assistant professor of pediatrics in psychiatry, is supervisor.

"We know something about the normal growth of infants and young children," she explained, "but we believe that pediatricians and other doctors should know more about what is normal or average during adolescence."

Adolescence covers the age

What's Nickel  
... in his young life?

Just a few minutes ago, the newspaper's papers came pouring from the printing press. Presses must not break down—so parts subject to unusual wear and strain are made of Nickel alloys.

In the trucks, trains and planes which distribute newspapers far and wide, Nickel steel and other Nickel alloys prevent breakdowns and give long wear.

To turn this pile of logs into tomorrow's newspapers, rugged machinery will be used—also acids and other corrosive elements. That's why so much power plant and paper equipment is made of Nickel and Nickel alloys.

Forty-three years of research have uncovered hundreds of uses for Nickel the United States and other countries. Now Nickel exports bring in millions of U.S. dollars yearly. These dollars help pay the wages of the 14,000 Nickel employees in Canada and also help pay Canadian railways, lumbermen, iron and steel workers and other men and women making supplies for the Nickel mines, smelters and refineries.

IN EVERY LIFE

EDMONTON (UPI)—Anthony F. Lillo and his son, Samuel F. Lillo, both served on a superior court jury hearing a civil suit.

# Pop President Hopes Idea Doesn't Fizzle

By Harman W. Nichols  
Special to the Bulletin

WASHINGTON, Feb. 20.—(UPI)—Edward Walsh Mehren, president of the Squirt Company, hopes his idea doesn't fizzle.

At any rate, Ed has the assurance of at least one senator that it will get a hearing.

Squirt is a soft drink. Ed's idea has to do with money—24 and 7% cents coins which he thinks the government ought to mint to "have the public between five and eight million dollars a year."

Sen. Sheridan Downey, D., Cal., said he had requested the Senate banking and currency committee to hold hearings on several bills for intermediate coins sometime in March.

Mehren, a handsome, strapping fellow who used to be a football player, hopes the start of the hearings will come around March 15.

## ODD-SIZED COINS

Ed really gets to his feet when he starts talking about his pet subject—which is the odd-sized coins.

"If these coins are added to our minor coinage, they will mark a significant advance in enabling Americans to buy more goods with current consumer income," he said.

As Ed looks at it, the coins would provide half-cent or two-and-a-half-cent pricing, for low cost goods, instead of nickel pricing.

"Thus," he said, "American business could price goods close to value and diminish overcharges based on convenience."

The Squirt man is happy on the matter of convenience. He maintains that it costs an average \$50 a head a year—because we have so many in-between small coins.

## Irish Rep'd 'Active'

LONDON, Feb. 20.—(AP)—LONDON, Northern Ireland, Feb. 20.—(UPI)—Communist agents are active in Ireland, the Roman Catholic Lord Bishop of Londonderry, Dr. Neill Paton, said in a Lenten letter read in churches Sunday.

"Those who join the Communist party become agents of the Catholic church and are excommunicated. Likewise, anyone who keeps or reads the official Communist newspaper is also excommunicated."

## GROWERS FIRE BLANKS

# Lettuce Wild Ducks Eat Is Both Real and Folding

By JACK GUIGO

INLAND, Calif., Feb. 20.—(AP)—

There's a war on in this irrigated desert vegetable garden on the banks of the Salton Sea. It's a triangular affair, complete with aerobically, guns, flares, bombs and armies of angry men.

In one corner are the farmers. In another are the agents of the state Fish and Game Commission and the U.S. Fish and Wildlife Service. If the third is the cause of all the trouble, the 1,000,000 and more ducks and geese which travel the north-south flyway and love to fatten up on the valley's crops.

The war has been on for as long as men and migrant birds have been in the valley.

"A flock of wildgeese is worse than a swarm of locusts," say the old timers. "We've seen wildgeese eat through 30 acres of lettuce in a single night. Hookers can lay low a \$20,000 field crop before you can say Jack Robinson."

Twenty years ago, as the old timers tell it, it was a problem a farmer answered with his shotgun. But now, there are duck and geese seasons, limits on kills and game wardens to enforce the laws.

Federal and state conservation agents find themselves the middlemen in the war. They say "Don't misunderstand us. We're

on the side of the farmer, and also on the side of the duck."

In an attempt to reach an armistice, agents themselves have turned farmers. Along the banks of the southeastern tip of the 50-mile long Salton sea, agents are clearing thousands of acres of brush. They are turning the soil, fertilizing and irrigating. They are planting great fields of rice, grain, barley and alfalfa.

Their aim is to attract the birds from farmers' lands. Will it work? Agents say they hope so. The farmers hope so too, but meanwhile the war goes on. You can see it best at night.

These mid-winter pyrotechnics are designed to terrify the ducks that come to feed at night.

# FIRST-HAND TIP on how Red Cross plasma has kept him from suffering from rare anemia since he was two is given Gen. George C. Marshall by Charles La Brozzi, knight of Philadelphia, Pa. Marshall, president of Red Cross, attended a session there recently.—AP Wirephoto

# Birth Pain Is Worse Than Pain of Disease

By Paul F. Ellis

British United Press Science Editor

MANCHESTER, N.H., Feb. 20.—(UPI)—A person dying of cancer suffers intense pain, but it is not the worst pain that the human body can suffer.

## HIDE FINERY

# Smart Czechs Dress Poorly To Stay Free

PRAGUE, Feb. 20.—(AP)—The

average Czech woman usually puts on her oldest and plainest dress and ties smart-tailored dresses of another day rather more dust in the closet. They live by this rule.

"If you want to stay clear of informers denouncing you for exorbitant living look up your finery and keep your clothes plain."

Wearers of expensive clothes have been accused of living above their incomes and by implication dealing in black-market currency. They have been punished or severely admonished by the national committee.

The "popular" fashion this winter is a dark colored coat, jacket, high felt or leather boots and a scarf wrapped around her head. This combination may look well on tall, slim women but is not particularly suited to the Slav figure with broad hips and chest bones.

# Seven Scholars Given Grants In Social Science

OTTAWA, Feb. 20.—(UPI)—Nine

Canadian scholars have been awarded grants ranging from \$500 to \$1,500 for advanced postgraduate work in the social sciences. The Canadian Social Science Research Council announced today.

Seven fellowships range in value from \$1,200 to \$1,500 and involve a full year of study. They have been awarded to A. A. Deland of London, Ont.; J. G. Eaves, Vancouver and Toronto; David M. L. Fort of Vancouver and Ottawa; E. F. Friesen, Mission City, B.C.; H. J. Hodder, Toronto; Gillian Macdonald, Montreal; and Richard I. Rogstad, Hamilton.

Two fellowships worth \$500 have been awarded to Gordon Blake, associate professor of economics, United College, Winnipeg; and Miss Allana G. Reid, department of history, McGill.

# U.S. Army's Northern Needs Are Estimated

DONKEY RIVER, Yukon, Feb. 20

—(UPI)—Gen. Stephen Chamberlain, overall head of Exercise Sweetwater, said last night he feels the United States army should have three regional combat teams—about 15,000 men—trained for Arctic warfare but not necessarily assigned in Alaska.

The commander of the U.S. Fifth Army is watching one battalion of about 800 men of a regional combat team based at Camp Carson, Colo., face up to simulated conditions in this joint Canadian-American manoeuvre.

Gen. Chamberlain gave a report in an interview he led 15,000 men trained to face Arctic conditions should be sufficient. He said he was asked if he felt they should be stationed in Alaska.

# Italy's Zeno Colo Downhill Winner

By Harold Claassen

ASPEN, Colo., Feb. 20.—(AP)—Zeno Colo, a hawk-nosed farmer from Italy, slammed down the side of Mont Aspen at a speed of 53 miles an hour Saturday to win the men's downhill run, final event of the World ski championships.

The squat Italian, who crouches so low he appears to be sitting on his skin, ripped through the 2.1-mile course that drops 2,400 feet, in two minutes, 34.4 seconds.

**CLEAR-CUT EDGE**  
That was 1 3/10 seconds better than any other of the 36 starters from 13 countries could do. The daredevil from Italy has an unofficial record of 100 miles an hour for a stretch of 220 yards.

Earlier last week Colo won the giant slalom and took gold to Georges Schneider of Switzerland in the slalom, a feat seldom duplicated in world skiing.

Yves Lattreille and Yvon Tache, both instructors at Sun Valley, Idaho, topped the Canadian entrants, finishing 26th and 26th respectively. Lattreille, from Ste. Adele, Que., was clocked in 2:53.2 and Tache, from Quebec City, in 2:57.

Other Canadian racers with their position and times were: 31, Bob Richardson, Mont Tremblant, Que., 2:58.8; 32, Jack Griffin, Montreal, 3:04.7; 44, John Clifton, Ottawa, 3:15.2.

Nine competitors, including three Canadians, fell and didn't finish the grueling 20th and 26th respectively. Only Eric McCulloch of Mont Tremblant, was injured. McCulloch suffered a sprained ankle.

**MCCULLOUGH INJURED**  
In Thursday's slalom McCulloch turned in the outstanding performance of the Canadian racers when he tied for fifth place on the tricky course. Both fell and failed to finish.

Unofficial team scores tabulated by the Associated Press show Austria 67, Sweden 57, Norway 46 1/2, Italy 31, France 20, Finland 20, Switzerland 21, United States 9 1/2, Canada 2.

Oliver defeated McKernan Lake 5:1 last night to win the two game total goals series 4-1 in the semifinal of the Community Ice Hockey league at Oliver rink. Neil Samko led Oliver against their win with two goals, while Stan Bredo notched the other counter. McKernan's only goal was scored by Dwight Heigman.

## NEW RECORD

### Burke Cops Rio Grande Golf Tourney

HARLINGEN, Tex., Feb. 20.—(AP)—Stucky Jack Burke, Jr., of White Plains, N.Y., yesterday ripped in with a six-under-par 65 to capture first money in the \$10,000 Rio Grande Valley Open golf tournament by two strokes.

Jack, son of one of Texas' famed professionals, eagled the 18th to better the tournament record for 70 holes. Burke's closing 65 brought him a total of 264, two strokes under the record set in 1941 by Henry Picard.

Big Skip Alexander of Knoxville, Tenn., shot a 66 on his final round to finish second with 266. Tied for third were Henry Hanson, of St. Andrews, Ill., who equalled the competitive course record with a 63, and Fred Haas of New Orleans. Both had 267. Haas shot a 67 yesterday.

Burke won \$2,000 first money here, bringing his total for the year to \$4,940.

The 27-year-old, Houston, Tex., never before had won a major tournament, but he tied for first in the Bing Crosby Invitational this year.

**Cassidy Rink Inisfail Winner**  
INISFAIL, Feb. 20.—Cassidy rink of Red Deer defeated Inisfail's Kirkman quartet to win the Grand Challenge as play concluded in the annual Inisfail Curling Club bonspiel.

Other winners were: Murgatroyd event, Hall, Inisfail; Merchants event, Scarf, Inisfail; Hansen's event, Goodie, Oida; Club event, Berry, Inisfail.

**BROOKLYN—Brooklyn Dodgers** have received a signed contract from Dan Bankhead, a tall Negro right-hander. Bankhead won 20 games and lost six for Montreal last season.

DISPLAYING good form under watchful eye of former U.S. National match-game champion Ned Day, Detroit, is three year old Sidney Cline. Whiz-kid Cline has been bowling since he was 18 months old.

## Alf Ingall Beaten In Badminton Final

WINNIPEG, Feb. 20.—(CP)—Ken Forsythe of Winnipeg stroked his way to the Manitoba singles badminton crown Saturday, defeating Alf Ingall of Edmonton 15-9, 15-7 as play wound up in the week-long provincial tournament. It was Forsythe's second straight Manitoba title.

Another defending champion, Kay Otton, of Winnipeg, took the ladies single title for the third straight year, outpointing Milie Mills, also of Winnipeg, 11-3, 11-1.

In men's doubles play Johnny Carter and Forsythe combined to defeat Alf Ingall and Barry Urth in a tough three-game final, 3-12, 18-13, 15-6.

Ladies' open double title went to Miss Otton and Miss Mills for the second straight year.

The defending champs dominated Lois Forrester and Donna McPherson in two straight games, 19-6, 19-8.

Ingall and Vivian O'Grady downed Barry Urth and Marjorie Scott 13-4, 14-17, 15-9, to win the mixed doubles. Ingall was defending champion in the event.

The city of Cartago in Costa Rica was flooded by a volcano eruption in 1725 and was mostly destroyed by an earthquake in 1941.

# School Curling Bonspiel Underway Today in Quebec

By Bernard Dufresne

TO HEAR H. E. (Jim) Weyman tell it, the Canadian high school curling championships which get under way today probably represents the most important event on Canada's school sports calendar.

For Weyman, one of Canada's better known rock and broom athletes, the 10 provincial championship rinks gathered here represent the country's great curlers of tomorrow.

As Weyman, organizer of the playoffs, put it: "Curling is essentially a game of skill, and it takes a long haul to develop a top-notch curler. It's only by starting them young that curling will grow."

**GAME MAKING STRIDES**  
With an estimated 175,000 curlers across Canada, Weyman maintains that great strides are being made to develop the game.

"I figure about 150 curling clubs sprang up in every city, town and hamlet across Canada this year," he says. "And a similar number will be established next year."

Weyman grants that curling is the east is not the great spectator sport it is in the west, but this is changing.

"At one time," he says, "curling was considered a participating sport only, but now it's becoming a spectator sport as well."

Asked to explain, Weyman said: "The reason is that the west's knockout style has made curling a spectator game to watch, and now that the east is doing away with the draw-style in favor of the western game, more spectators will be on hand."

**LIKES WEST'S CHANCES**  
The west's greater experience with the knockout game accounts for rinks west of the Great Lakes being favored to capture the Sifton trophy, emblematic of the school championships, says Weyman.

That is why he figures quarter-finals like Ted Ray's Mirror, Alta. high school curling team, and Bill Clarke's Rensselaire Collegiate team may prove strong contenders for the title won last year by Humboldt, Sask.

This is the third annual play-down for the Canadian school curling championship, outgrowth of the famed Manitoba high school bonspiel.

10 EDMONTON BULLETIN, Monday, Feb. 20, 1950

## Eagles Play 'Cats For Casaba Title

Varsity Bears and McKinnon's Eagles will play off in a two out of three series for the provincial junior men's basketball crown, starting Friday at the Varsity gymnasium.

Saturday night Bears won the right to meet Eagles by downing Y.M.C.A. Jacks 58-37 to win their two-game, total-points series 107-70.

McKinnon's drew a bye into the final after a decisive win over Shamans two weeks ago. The Eagles led the Junior Men's league throughout most of the season and were city titlists.

Eric Sandstrom was the only Jack to find a scoring touch. The spirited guard sank eight field baskets to account for almost half of the Y's total.

**LINEUPS**  
RCMP Jacks — Pukan, Halberg (4), Sady (2), Kozlowski (4), Puk, Rutherford (1), Swanson (4), Anderson (18), Pope (12), Woodman (Total 61).

Varsity Bears — Black (2), Day (6), Barth (12), Allen (1), Sweet (17), Backman (8), Kopp (1), Cooper (17), Total 80.

Referee — Ed Tenick and Herb Miller.

**CLASS B—Pat Haggerty, Glen Torrance, Pam Cottle, Don McLeod, Larry Kimwood, Gary Smith, Class C—Peter Sandro, Ray Torrance, Ray Kimwood.**

**HIGHLANDS**  
Class A—To be run off Saturday, Feb. 25 at 12:30 p.m. in Varsity gymnasium. Ken Kaye, McKinnon, Don McLeod, Don Weidman, Gordon Hinkle.

Class C—Mary-Lou Milne, Peter Potter, Bobby Edgar.

## Autos Parade To Light Field For 2 Pilots

MOOTSBORO, Ala. Feb. 20.—

Two young fliers were rescued early Sunday from rain and darkness by townspeople who feared the tragic death of an army plane.

More than 50 automobiles paraded through the early morning darkness to the little unlighted airport when news circulated that a plane was circling overhead, lost.

Many of Mootsboro's 6,000 citizens had been put on the alert by Frank Greenhaw Jr., an ambulance driver, the sheriff's office and police.

Greenhaw shone the spotlight of his ambulance into the clouds and the pilot blinked his signals in response.

When the ambulance led the long file of cars to positions along the runway, "the auto flash" shined on the landing strip. Greenhaw trained his spotlight on the wheel.

After a trial buzz, to get the

plane safely on the ground, the pilot landed the plane and the plane taxied to the runway.

## New Crisis Looms in U.S. As Senate Split on Europe

By JOHN M. HIGHTOWER  
WASHINGTON, Feb. 20.—(AP)—

With its ranks split over proposals for an atomic showdown with Russia, the U.S. government is approaching a new crisis in its relations with the Eastern European Communist bloc.

Barren some unexpected developments, the U.S. is due to break relations with Communist satellite Bulgaria in the immediate future.

In London, Prime Minister Attlee said Britain is ready and eager to discuss with Russia and other powers the means of dealing with the menace of atomic war. But he said the United Nations is the place to talk.

Lie Favors East-West Talk  
LAKE SUCCESS, N.Y., Feb. 20.—(CP)—U.N. secretary-general Trygve Lie today said he favored big power talks outside the United Nations.

The question of the administration at a critical point in the conflict with Russia. It is becoming increasingly apparent that the President and Secretary Acheson have not yet been able to rally for their cold war strategy the senate approval which they normally require to make a line of action effective.

WOULD BUILD POWER  
The position of Truman and Acheson is essentially that it would be no good to seek by dramatic means to bring about an atomic agreement with Russia at this time. Both are committed to a policy of building up strength on the side of the non-Communist countries in the hope that a balance of power against the Communist bloc some day will make possible atomic and other agreements that will really work.

Truman and Acheson are reportedly convinced that it may require years to establish the conditions under which a peaceful settlement with Russia could be achieved.

By U.K. and U.S.  
LAKE SUCCESS, N.Y., Feb. 20.—(CP)—British and the United States called on Russia indirectly during the week-end to reveal talks on atomic energy control in the United Nations.

In London, Prime Minister Attlee said Britain is ready and eager to discuss with Russia and other powers the means of dealing with the menace of atomic war. But he said the United Nations is the place to talk.

## Trade Plea To U.S. Forecast From UN

### Delegates Will Ask States To Lower Trade Barriers

LAKE SUCCESS, N.Y., Feb. 20.—(CP)—A concerted plea from United Nations delegates is expected this week urging the U.S. to lower tariffs and other trade barriers.

The call will come in the U.N. Economic and Social Council. The Council, boycotted by Russian delegates, is scheduled to discuss the world's economic situation and possible methods to improve a dark picture.

The UN talk will perhaps be framed in even more diplomatic terms than those voted in New York Feb. 10 by Canada's Prime Minister, Louis St. Laurent.

He urged the U.S. to reduce tariffs and other trade barriers as a possible huge boost to western security.

Canada is expected to have a detailed statement on "major economic changes in 1950," a report by UN economist. The 10-page survey released last week will form the basis for the Council's discussion.

Raymond Rodda, Liberal member of the Commons for Montreal-Hochelaga, heads the Canadian delegation. His alternates are Sidney Pierce, assistant deputy minister of trade and commerce; and George Davidson, deputy welfare minister.

MAKE SUGGESTIONS  
The experts did not lay down any hard and fast rules for solving the stiffening problems but made these two major general suggestions:

1. Increase in U.S. imports, decrease in U.S. exports or both, coupled with continued large-scale U.S. economic aid.

2. Re-adjustment of Western Europe's trade and production to supply the requirements of underdeveloped countries during their period of economic development.

## Inside Hollywood

By Bob Thomas  
HOLLYWOOD.—(AP)—Actor Richard Carlson, back from what he calls "the roughest location in film history," doesn't say he'd do it again. But he claims it was worth the trip.

Carlson was the first of the "King Solomon's Mines" cast to return from Africa, judging from his reports of the film location, it could make an exciting movie in itself.

The company trooped all through southern Africa. Starting at Kenya, they journeyed to Uganda and the heartlands of the Nile, through the Belgian Congo and Tanganyika and back to Kenya. They traveled 34,000 miles by safari wagons, trucks, river steamer, airplanes and on foot.

Reports of dissension in the troupe preceded its return to the United States. There were even rumors of ostrich hunting. I asked Carlson about this.

"There are discomforts on any

film location," he said. "Naturally this is true and you get a picture of what we went through. Naturally there was a lot of grumbling. But also a little bit of realism. We were getting something really great on film. That helped compensate for the discomforts."

JUNGLE RATINGS  
The worst conditions were in the Congo, he said.

"We had no fresh water for a period of 10 days. We ate canned goods and drank warm beer, wine and sticky water (which is not too bad combined with Scotch). That doesn't sound bad, but it's much fun to brush your teeth with wine."

Through part of the trek, the company transported cattle which were slaughtered for fresh meat. The only trouble with that was that it attracted lions. "And I defy anyone to sleep soundly when their camp is surrounded with growling lions," Carlson added.

The journey was begun last Oct. 2 and was scheduled to finish Dec. 12. That date was pushed forward again and it was Feb. 2 before the troupe got out of Africa.

"Our main trouble was weather," the actor said. "Huge clouds from down South Victoria every day and frost over the continent. That's why so much shooting time was lost."

Can you believe your eyes?  
Probably you had to look twice at this picture to be sure you'd seen it correctly.  
No wonder. For of course you know that, no matter how much houses may look alike, the families who live in them differ in countless ways.  
No other family on your street has, for instance, exactly the same number of members at the same age, the same income, tax bills, rent and other living expenses as your family. Nor can any of those families match your family's plans and dreams for the future—or its special needs for life insurance.

To help you meet those special needs, your life insurance company serves you through a representative. He is trained to analyze the problems you face in trying to provide security for yourself and your family. The income-protection plan he suggests is designed for you and your alone.  
So when your life insurance man calls, confide in him. He's always ready to help you in any way he can.  
More than a million Canadian families have benefited by the advice and experience of the modern life insurance company representative!  
You share in these improvements, made possible through the efforts of your helpful fellow-citizen—the modern life underwriter.

VIEW DIAGRAM shows some of factors which entered into Friday's fatal Long Island Railroad wreck in New York. Collision between east bound and west bound passenger trains occurred at a point where two sets of tracks converged into a single line in temporary siding. Trains were using temporary tracks while grade crossing elimination project was in progress on main tracks (right). Twenty-nine were killed and 100 others injured.

### Motorcade To Brave Cold Prairie Roads

THE PAS, Feb. 20.—(CP)—Some 100 lucky citizens of northern Saskatchewan this week will brave cold weather and rough roads to form a motorcade to the Pas in northern Manitoba.

The caravan, composed of some 80 motor cars, will leave Carrot River, Sask., about 40 miles east of Prince Albert, and travel 120 miles—some 60 of them over a winter road—to the Pas.

The motorcade grew from a proposed meeting between the Pas and Carrot River chambers of commerce to discuss the building of an all-weather highway following the route of the winter road.

RESCUE WORKERS search through jumbled wreckage of Long Island Railroad coaches at Rockville Centre, N.Y., for dead and injured. Front cars of trains proceeding in opposite directions were sheared in half as trains crashed head-on.

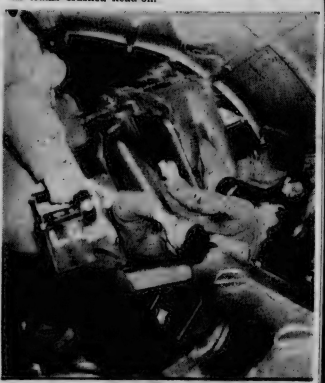

### Russ Ignore Fourth Note

BERLIN, Feb. 20.—(AP)—Russian authorities last night seized 22 trucks of their highway check point outside Berlin in an effort to block all metal shipments on the road to western Germany.

The truck seizures came within 24 hours of the fourth western Allied protest of Soviet interference with movements along the Berlin highway.

The British, American and French commandants, in a letter Saturday, told Maj.-Gen. Alexander Kotlik, their Soviet counterpart, that the Russians are making "a calculated attempt to restrict the normal movement of persons and goods."

In his only reply to the Allies, on Feb. 4, Kotlik asserted that there have been large scale smuggling activities in highway traffic and Soviet border guards therefore had to make a detailed inspection of all vehicles.

### Russ Rebels Said Purged

BERLIN, Feb. 20.—(AP)—Western intelligence officers attempted today to tell a German newspaper report that the Stalin regime has just crushed a revolutionary plot in Leningrad.

The West Berlin paper, Der Abend, said Saturday that nearly 200 high Leningrad officials, including Marshal Leonid Brezhnev, were involved in the conspiracy. There has been no official confirmation.

Der Abend said that the plot was started by the former Leningrad Party chief, who was purged for his part in the plot.

INJURED PASSENGERS lie amid twisted wreckage of railroad coach following head-on collision of two commuter trains. More than 100 were injured when one train passed stop signal on makeshift siding.

### 100,000 Farmers Rise Against Chinese Reds

TAIPEI, Formosa, Feb. 20.—(AP)—The Nationalist defense ministry today said 100,000 farmers revolted in the Tungting Lake region of Hunan Province, killing many Communists.

The ministry said the revolt was sparked by excessive requisitioning of rice by the Chinese Communists. The revolt occurred in the heart of the main rice growing district of China.

Informed foreign sources said today the Chinese Communists have massed more than 25,000 troops on the Hong Kong-China border during the last three weeks.

They said the 41st and 42nd Communist armies under generals Wu Yuan-mau and Sung Chih-lung were concentrated less than five miles from the border.

Maj. W. Hallett, British army spokesman, said "the situation on the border is the same as it was two weeks ago. We have no further comment."

There has been much speculation whether the Reds would try to take Hong Kong.

Britain has about 40,000 troops in the territory along and below the border. It is said to be heavily fortified.

In addition Britain has a fair

### Red-Hating Germans Help Swing To East

By Richard O'Regan  
FRANKFURT, Germany, Feb. 20.—(AP)—Some 4,000,000 Germans with Nazi leanings may be laying the rail followers right into the camp of Red Russia.

These are west Germany's Nationalists, who despite the new-born west German republic. They represent about 12 per cent of West Germany's \$10,000,000 eligible voters. They are being openly courted by the Soviet.

Lacking a leader and a common idea, they constitute small potential danger at the present time. They are for power and confidence regional interests, so far have prevented them from organizing.

2 COMMON AIMS

These 4,000,000 neo-Nazis hold two common aims, however:

1. To displace democracy and create cynicism and doubt.

2. To build a powerful, militant Germany.

These nationalists include industrialists hoping for a strong state forcing the worker to slave-labor. They are professors "with many-faceted concepts; the former offer clique; with its passion for a revival of militarism; and the latter fringe of anti-Semites and opportunists, ever ready to jump to any band wagon."

HAVE 20 PARTIES

Some 500,000 of these nationalists have organized in some 20 political parties. The actual membership of each party or group varies from 20 members to several thousand.

These parties range from such bitter enemies of Hitler as the Vaterländische Union (Father-

### Union Planning Housing Project

CHICAGO, Feb. 20.—(AP)—The United Packinghouse Workers (CIO) Union today revealed it is planning a \$10,000,000 housing development for lower middle income families. Sales will not be limited to union members. The plan calls for building 1,000 homes in Chicago. The union has some 200,000 members in the Chicago area.

### Scorched Earth Seen By Atomic Scientist

CHICAGO, Feb. 20.—(UPI)—An atomic scientist envisages scorched earth warfare on a staggering scale with wind-borne radioactivity from carefully-placed hydrogen bomb blasts.

Harrison S. Brown of the University of Chicago said that if the hydrogen bomb works, radioactivity from it could kill every living thing in an area 1,500 miles wide and 3,000 miles deep.

"If the hydrogen bomb works," Brown said, "it is easy to visualize a series of hydrogen bomb blasts carried out along a north-south line at about the longitude of Prague, Czechoslovakia."

"The radioactivity produced by the explosion would be carried eastward by the winds, destroying all life within a strip 1,500 miles wide extending from Leningrad to Odessa and 3,000 miles deep, extending from Prague to the Ural mountains."

After the radioactivity passed over the Ural, Brown said, it would begin losing intensity. By the time it crossed the Pacific, the west coast of North America, he said, it would be harmless.

The United States could be attacked in a similar manner, Brown said.

### Barbara's Note Blames Lover For His Death

NEW YORK, Feb. 20.—(AP)—Anthony Gallo, 38, was found strangled Saturday in a midtown hotel room, and an attractive blonde was arrested today on a homicide charge in the case. A pencilled note found near the body read: "He made me do this and I love him. Barbara." Police arrested Mrs. Barbara Barzani, 37, of Manhattan, and charged her with the murder.

## The BAY for the Wonder Fabric

Nylon is the magic word! "Sesame" was a magic word, that opened the door to riches... "Nylon" has a more potent magic, opening the door to easier living, greater leisure. At the BAY you can buy a complete nylon costume from the skin out.

### Wide Selection Lingerie

- NYLON SLIPS—Triot Knit nylon in pink, white, blue. Straight and bias cut with lace trim at top and hem. Sizes 32 to 38 and 38 to 42. It's nylon for summer so stock up now! Each **4.98**
  - Nylon Knit Gowns  
Tailored bodice and full skirt. White, tearose and blue. Sizes S, M and L. Each **5.98**
  - Nylon Knit Panties  
Elastic and banded leg, elastic waist and double crotch. White, pink, blue and maize. Sizes S, M and L. Each **1.39**
- Lingerie, The Bay Second Floor

### Matched Sweater Sets in Nylon

- NYLON PULLOVERS—won't shrink, won't stretch in washing. Pretty white, grey, blue, pink, navy, green and wine colors. Sizes 14 to 20. Each **3.98**

### Nylon Cardigans

- Washes without shrinking, fast drying, long wearing. Sizes 14 to 20. 6 beautiful colors. Long sleeves, button to the neck. Each **5.98**

### Fashions by the Yard in Nylon

- 42" NYLON SHEER—for bouffant, floating evening gowns, for lingerie, blouses, etc. . . in white, mauve, navy, black, yellow and aqua. Yard **1.89**

### Perma-Set Sheer

- Something entirely new in nylon. Sheer quality sheer. White, blue and pink. 42 inches wide. Yard **1.98**

### Patterned Nylon

- Plain colors white, blue and pink with small novelty patterns. 38 inches wide. For blouses and evening dresses, etc. Yard **2.50**
- Piece Goods, The Bay Second Floor

### Crimp Set Nylon Yarn

- 19 lovely colors in approximately 1-oz. balls. Crimp set nylon yarn for sweaters, socks and all other knitting needs. Each **45c**

### Nylon Necklace Cord

- One cord will restrain a triple strand necklace. The needle is attached. White in 1-1/4" 2 cords. Each **25c**
- Jewelry, The Bay Street Floor

### Nylon Shoe Laces

- Black and brown laces of strong nylon in 18, 24 and 27 inch lengths. Pair **15c**

### Men's Substandard Nylon Socks

- Half hose and anklets in fancy patterns in blue, brown, maroon, grey and yellow. Sizes 10 1/2 to 12. Reg. 1.50 and 1.75 line. Pair **1.19**

### Men's Quality Nylon Shirts

- Plain colors of white, grey, sand, blue and green. Sizes 14 1/2 to 17. Soft collars attached. Long sleeves. Each **8.50**
- Men's Furnishings, The Bay Street Floor

## Hudson's Bay Company

## Air-Rescue Helicopter

planned by U.S. Air Force is the Piaschei H-21. Craft will have two engines, inflatable pontoons with built-in axis surrounding each of three wheels for landing on land, snow, ice and water. It will be equipped with power hoist for bringing survivors aboard in areas where landing is impossible.

Fifty-four feet long, the H-21 is designed to carry 27 persons in 20-ft cabin. Builder is Piaschei Helicopter Corp. of Morton, Pa.

## FINANCE BRIEFS

**Credit Company Declares 90 Cent Quarterly Dividend**

The executive committee of Commercial Credit Company today declared the regular quarterly dividend of 90 cent per share on the 5.60 per cent cumulative preferred stock and a quarterly dividend of 90 cent per share on the common stock of the company, both payable March 31, 1966, to stockholders of record as of the close of business on March 1, 1966.

## Livestock

EDMONTON, Feb. 26.—Total receipts: Cattle, 200; calves, 11; hogs, 700; sheep, 15.

The bulk of Monday's light receipts are from Grande Prairie and other highland points and will not be offered for trading until after afternoon sessions. Buyer interest seems good, however, in the quality on hand, and a good clearance is expected.

## French Reds Are Thwarted

NICE, France, Feb. 26.—(AP)—A seven-ton pack dumped in to the harbor last week by Communists, today was successfully hoisted aboard ship.

The cargo is part of a dump for launching experimental guided missiles. Communist demonstrators routed a small police guard last Tuesday and threw the pack into the Mediterranean.

## POOR SHOWING

During a test of the Lower Cretaceous at Bailey-Speiden No. 1, 15 miles northeast of Edmonton, a small but non-commercial amount of heavy oil was obtained. Interval tested was 2,000 to 2,070 feet. Further testing has been ordered and higher up in hopes of completing the well as a gas producer.

## Imperial Farmout

Calvin Petroleum has obtained a full section lease on Imperial 33 and a quarter well of the northern part of the Redwater oil field on Imperial 33.

Calvin and Pacific Petroleum will develop the section jointly and move in on Imperial 33.
